Discount Policy

A discount code may be offered at IPI Learning's discretion, to students who have recently completed an eligible IPI Learning certification course.

Each code is valid for a limited period, shown in the email in which it was issued. The code must be entered and the booking completed prior to that date. Expired codes cannot be reinstated or extended.

A code can be used only on the course it was issued for. The discount applies to the course fee only. It does not apply to add-ons such as hardcopy certificates or reference manuals. GST, where applicable, is calculated on the discounted course fee.

The discount code must be entered at the time of booking, and the discount cannot be applied to a booking that has already been made.

Discount codes are issued for the use of the student who completed the qualifying course. They are not transferable and cannot be exchanged for cash or credit. If a booking made with a code is cancelled or its payment fails, IPI Learning may reinstate the code at its discretion, provided it has not expired.

This discount cannot be used in conjunction with any other offer and can only be redeemed on bookings made directly with IPI Learning and not through a third party.

IPI Learning reserves the right to withdraw or change this discount offer at any time, and to refuse or reverse a discount that has been applied in breach of these terms.
